FREE DANCING

Argentine tango was born in the late 1800s in Buenos Aires, and has been changing and evolving ever since. It is a beautiful dance form that provides endless opportunity for improvisation and playfulness. Come and learn the basics, or develop your existing skills. Our goal is to get you dancing and having fun right away. Emphasis will be on rhythm and musicality, and partnering with lead and follow techniques.

Bechtel International Center is located across from the Faculty club.
